

**Council on Environmental Quality (CEQ) Comments on the Interagency Science Discussion
Draft IRIS Assessment of 1,4-Dioxane (Inhalation) (dated June 2013)**

Date: July 27, 2013

Dear EPA,

Thank you for the opportunity to review the post-peer review draft of the IRIS 1,4-dioxane inhalation assessment. CEQ reviewed the revised assessment along with the peer reviewer comments and found that the peer reviewers' comments are appropriately reflected in the assessment. We see no reason why the assessment should not be completed soon. Thanks again.
