

# Integrated Risk Information System (IRIS) Program Public Science Meeting

## Preliminary Agenda

U.S. Environmental Protection Agency  
Office of Research and Development  
Webinar Meeting

Wednesday, August 19, 2020

1:00 pm (ET) **Welcome and Announcements:**

*Kris Thayer, IRIS Program Director, EPA/CPHEA*

1:05 pm **Overview of the Vanadium and Compounds (Oral) IRIS Assessment Plan (IAP)**

*Erin Yost, EPA/CPHEA, Vanadium and Compounds (Oral) Assessment Manager*

*Background:* An IRIS Assessment Plan, or IAP, communicates to the public the plan for assessing each individual chemical and includes: summary information on the IRIS Program's scoping and initial problem formulation; objectives and specific aims for the assessment; the PECO (Populations, Exposures, Comparators, and Outcomes) criteria that outlines the evidence considered most pertinent to the assessment; and key areas of scientific complexity.

1:20 pm *The IRIS Program is seeking a discussion with the public aimed at improving or clarifying the IAP. Below are topics to facilitate the discussion:*

**Topic 1: Consideration of potential toxicity and toxicokinetic differences across vanadium compounds.**

**Topic 2: Consideration of vanadium speciation.**

***Public Commenters:***

- Ronald P. Brown, Risk Science Consortium, LLC\*
- Debbie C. Crans, Colorado State University\*
- Suramya Waidyanatha, U.S. National Institute of Environmental Health Sciences (NIEHS)\*
- John Hilbert, Vanadium Producers & Reclaimers Association
- Michael Woolery, US Vanadium
- Judith MacGregor, Toxicology Consulting Services
- David White, Vanitec

\*Discussant identified by, but not representing, the National Academies of Sciences, Engineering, and Medicine.

2:30 pm ***Open Session - Other Comments Specific to the Vanadium IAP***

3:00 pm **ADJOURN**
